Continuing Education Provider #15601

Palliative Care & the Critical Care Unit

A Video Series

Course Description

A series of videos of Providence employees talking about palliative care, moral distress, compassion fatigue, treatment options, family priorities, and opportunities for healing when there is no cure in the critical care unit.

Course Objectives

At the conclusion of the presentation, the learner will:

1. Define Palliative Care
2. Define and Recognize Moral Distress
3. Understand the role of Palliative Care
4. Describe resources for managing Burnout
5. Understand the appropriate use of treatment options such as feeding tubes and tracheostomies
6. Describe honest and compassionate communication
7. Discuss the role of opioids in symptom and pain management at the End of Life
